#### GRAPHIC MINERS

#### GO ON STRIKE

#### Unusual Activity in the Kelly District Going on at Present.

#### VARIOUS NEWS OF THE CAMP

#### Special Correspondence.

Kelly, N. M., Aug. 28.—Philip Arrell, a mining expert of Denver, Colo., and M. R. Lancaster, a mining man of Chihuahua, Mexico, were in Kelly for a few days last week, taking samples of the Kelly mine and making a thorough examination of the property.

Mr. Arrell is a graduate of some of the best mining schools in England and he is considered by mining critics to be one of the best geologists in the United States. He has written widely circulated reports on geology from various sections of the world, and his articles are standards of authority. Mr. Lancaster is also a shrewd mining man and is very thorough in his line. The gentlemen left Wednesday night of last week for San Carlos, Ariz., where they will make an examination of the Starlight mine, eight miles from that city.

Lyman Whitely, formerly of this town, but now of Rosedale, was here Saturday and Sunday visiting relatives and old friends. Mr. Whitely is an old miner and prospector and is interested in some very good mining claims in the Rosedale district. He says Rosedale is a quiet burg at present, but he thinks it will soon be one of the best mining camps in the territory.

Miss Mary Ester, daughter of Mr. and Mrs. Simon Ester, left Sunday morning for Rosedale, where she will spend the remainder of her vacation with relatives and friends. Miss Mary is a student of the Agricultural college at Las Cruces, and she will resume her duties in that institution when her doors open for the next term of school.

Quite a number of young people

from this town will attend the Agricultural college at Las Cruces the coming school year.

A certain young lady of this town was seen the other day in the B-B store at Magdalena purchasing some very fine pieces of dress goods. Those who observe closely the signs declare that it means a wedding.

Mrs. Joseph Brown, wife of Joseph Brown, superintendent of the Graphic mine, is on the sick list. She is suffering with the grip.

Your correspondent who got mixed up in a runaway six weeks ago, and who sustained serious injuries in the catastrophe, is improving, but he is not yet able to walk.

Unofficially we are informed that Joseph Hilton and Miss Emma Phillips, both of Magdalena, are to be married soon.

Miss Georgie Gamel, of Clayton, N. M., who has been a pleasant visitor in the town for the past two months, will leave shortly for Denver, Colo., where she will spend a few days with friends and visit places of interest in that city. From there she will probably return to her home. Miss Gamel has many friends at Kelly who all regret to hear of her departure.

#### What the Mines Are Doing.

The Tri-Button company have reduced their force to about twenty men, for an indefinite time, or until they tap their large ore bodies from the new shaft. Three shifts are employed in this shaft and the work is being pushed. New machinery will soon be installed on the property and great results will then be looked for.

The Graphic force went out on a strike last Tuesday, but are drifting back to work again. The Graphic is tapping some very rich copper ore these days and are also shipping some sulphides. Great development work is being done at the Graphic.

The Key and the Juanita mines are moving along nicely and are taking out some good zinc ore. Small forces of men are employed at these mines.

#### Bent Her Double.

"I knew no one for four weeks, when I was sick with typhoid fever and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I am as well as ever. They are simply wonderful. Guaranteed to cure stomach, liver and kidney disorders; at all druggists. Price 50c."

#### The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus.

Scrofula, salt rheum, chrysopsias and other distressing eruptive diseases yield quickly and permanently to the cleansing, purifying power of Burdock Blood Bitters.

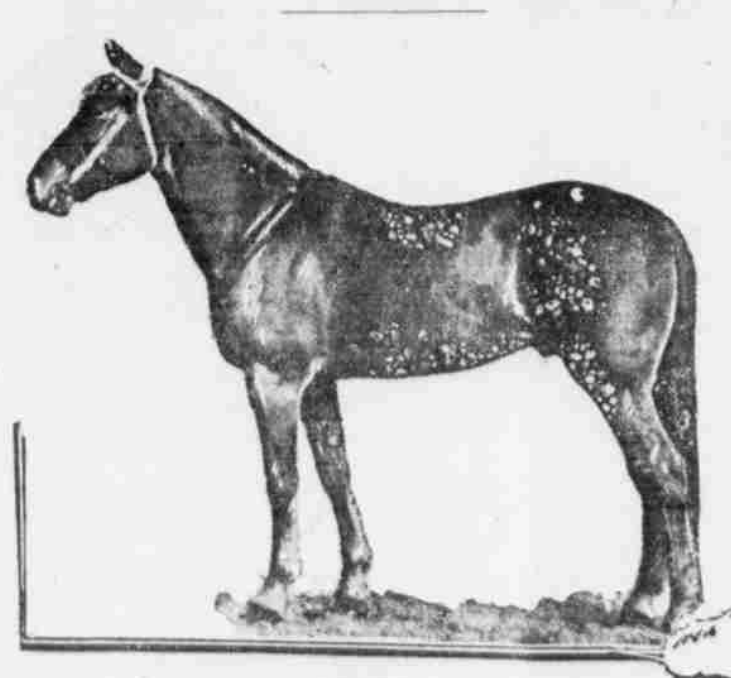

## THE SCRAPPY FACE OF TENNIS CHAMPION

MAY SUTTON.

Among the characteristics which impressed English tennis critics during the recent championships in the snug little Isle was the determination of the California girl, May Sutton, to overcome every obstacle. The grim "I will" expression of Miss Sutton is shown in this illustration, and made by a staff artist during recent international tournament, when Miss Sutton became the woman tennis champion of the world, defeating the greatest woman player in all England.

## CHAMPION CRESCUS TO BE AUCTIONED

CRESCUS, 2:02 1/4.

Crescus, the greatest trotting stallion the world has ever known, is to be sent to the block for disposal. The "golden chestnut whirlwind," who a few years ago held the record for trotters and who today holds the mark for stallions, is to be disposed of at the Fasig Tipton sale in New York.

#### PORT BLISS DESERTER CAPTURED AT CLOUDROCK
